## **DETAILED ACTION**

### ***Response to Amendment***

1. In response to the Office Action, mailed 9/17/2007, applicant has submitted an Amendment, filed 12/17/2007, amending claims 15-19, 22-34, and 36, cancelling claims 24-28, 31-32, and 37, adding new claim 40, and arguing to traverse the claim rejections.

### ***Response to Arguments***

2. Applicant's arguments, see Amendment, filed 12/17/2007, with respect to the rejection of claims 1-4, 15-19, 22-23, 34 (erroneously mislabeled 35), and 36-39 have been fully considered and are persuasive. Their rejections under 35 USC 101 have been withdrawn.

3. Applicant correctly points out (Remarks, p. 7) that the role of claims 34 and 35 was inadvertently interchanged in the previous Office Action, and that claim 34 was intended to be rejected while supposedly rejected claim 35 was allowed.

4. While the examiner disagrees with applicant's assertion that apparatus claim 1 (and thus its dependent claims) are "directed to a machine", upon further consideration he agrees that "claim 1 has a practical application or use: namely, 'determining a language for a user' " (Remarks, p. 8), and so has given patentable weight to the

preamble of claim 1, thus withdrawing the rejections of claim 1 and its dependent claims 2-4, 34, and 38-39 under 35 USC 101.

5. Applicant's amendment of claims 15-19, 22-23 and 36 to indicate that they are directed to a functional computer program has led to the withdrawal of their rejection under 35 USC 101. New claim 40 is also statutory for this reason.

***Allowable Subject Matter***

6. Claims 1-4, 6-10, 13-19, 22-23, 34-36, and 38-40 are allowed. The following is an examiner's statement of reasons for allowance: Since the rejections under 35 USC 101 of said claims have been herein withdrawn, and their art rejections were already successfully traversed by applicant's arguments in the Remarks filed 7/12/2007, no new prior art having been found, said claims are herein allowed.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
